

Adolfo Monti

UI/UX, branding, graphic designer

I'm a digital designer specializing in UI/UX design, branding, and graphic design. Over the years, I've had the opportunity to work on a diverse range of projects, continually expanding my knowledge and refining my approach. I focus on creating simple, engaging solutions and collaborate closely with clients and multidisciplinary teams. My goal is to design user-centered experiences that are both functional and visually appealing, with an emphasis on clarity and impact. In my spare time, I enjoy drawing custom lettering and illustrations for apparel. Outside of design, I love cooking, listening to music, reading, gaming, and hiking.
